

I object to Sinclair Communications preempting regular program to air the "Honor" documentary that is a smear against John Kerry.

I feel that such a broadcast is a misuse of public air time and a violation of legal and fair FCC regulations.

I feel this broadcast should be cancelled. If it is allowed to continue, the station should give equal time by airing a pro-Kerry documentary such as "Going Up River" in prime time as well.

Thank you. The Public trust in the FCC is being tested in this case and I hope your agency does not fail us
